Travelling through Reading?

Rail improvement works will mean significant service alterations at Christmas and again at Easter 2014 as this major project continues. Please visit www.firstgreatwestern.co.uk/reading for further information.

Citizens' Rail is an EU Interreg (international co-operation) project to develop local & regional railways. From station improvements, to more frequent services, to local information campaigns and involving the community, the project will get more people using and being part of their local train services.

The Riviera Line (Exeter to Paignton) is part of the project thanks to EU partners in France, Germany and the Netherlands and local partners including Devon County Council, Torbay Council, First Great Western, Plymouth University and the Devon and Cornwall Rail Partnership. Find out more and take part in the Riviera Line project at citizensrail.org
