HOW DO YOU TRAVEL?

WIN A PAIR OF TRAIN TICKETS TO LONDON

To help develop local transport in your area, we are interested to hear how people travel in their everyday lives.

By completing our short survey you have the opportunity to be entered into a prize draw to win a pair of train tickets to London.

To complete the survey please go to www.citizensrail.org/survey. It is open to all residents in your area and will be online until 31st July.

For more information about the survey or alternative formats such as large print, please contact Celia Missoodke on 01752 564777 or email celia.missoodke@plymouth.gov.uk.

HOE REIST U?

DOE MEE EN WIN EEN CADEAUBON VAN € 50!

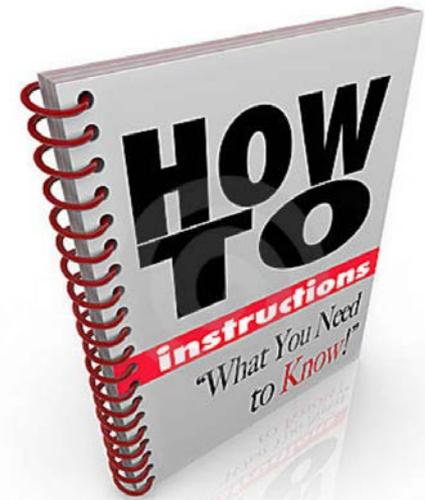

Als onderdeel van het project Citizens' Rail waarin Parkstad Limburg werkt aan verbetering van station Kerkrade-centrum (om Creative City), zijn we geïnteresseerd hoe mensen in hun dagelijkse leven reizen.

Daarvoor vragen wij u een korte anonieme vragenlijst in te vullen. Dit verzoek is verspreid onder zo'n 6.000 huishoudens in Kerkrade. Onder degenen die de vragenlijst tussen 16 juni en 30 juli 2014 volledig invullen worden 3 cadeaubonnen van € 50 verloot. Ga naar www.citizensrail.nl om mee te doen.

Voor meer informatie over dit onderzoek of voor deelname anders dan via internet, kunt u contact opnemen met Paul Aben, email p.aben@parkstad-limburg.nl of telefoon 045 5700 171.

Learning from each other and sharing what works

The Citizens' Rail partners are keen to share methods that have proved successful and lessons that have been learned, so that other practitioners can adapt our approaches and apply them in their own local area. Knowledge will be developed and distributed through a range of channels including those set out below, on Twitter (@citizensrail) and through our newsletter - which you can subscribe to below. (We'll never pass on your details and you can unsubscribe with a single click.)

What's happening?

Evaluation	Manual	Network	Workshops	Conference
RWTH Aachen University is leading on an overarching evaluation framework for Citizens' Rail. The aim is to assess the impact of rail and station-related measures and to understand the interplay of local rail and citizens.	A Practitioners' Manual is being developed in our four partner languages to provide guidance on how to implement community rail projects. Sign up to our mailing list above to be notified when it is launched.	To enable collaboration and learning to continue beyond the duration of the Citizens' Rail project, a legacy network will be created.	A programme of 10 Citizens' Rail workshops will be held between 2012 and 2015 to develop thinking and share best practice around key themes of the project.	A Citizens' Rail conference will be held in 2015 - to find out more sign up to our newsletter above or follow us on Twitter (@citizensrail).

Exercise

Question (35 min)

We want the toolkit to inspire people and give them the tools to implement community rail.

To achieve this, what does it need to say and look like?

Feeding back (15 min)

Meet back in Jill Craigie cinema

Five bullet points per group
(nominate a spokesperson)
